# MEASUREMENTS WE STILL NEED

All 7 catalogue products are live on the website. Some of their numbers are our estimates. Please confirm them.

**IDENTEE**
For the production / print team

**How to fill this in:** every grey number is what the website uses today (our estimate). If it is right, tick ☐ OK. If not, write the correct number next to it. Leave a row empty if you don't sell that size. These numbers decide how big each print looks on the website and the measurements on the print team's order sheet, so customers get what they see.

**Chest (round)**
All the way round the chest, just under the arms, in inches.

**Shoulder**
Shoulder seam to shoulder seam, laid flat, in inches.

**Length**
From the highest point of the shoulder to the hem, in inches.

**Print size / start line**
Print W × H in cm. Start line = cm from the **collar seam** down to the top edge of the print.

## 1 Which sizes do you sell for each product?

The kids sizes are written differently on different products (for example "11-12" on one, "11" and "12" on another). Please give the exact list for each.
